ABOUT ME:

Hello,

I am Ravi, a fresher eagerly seeking job opportunities. I am currently engaged in learning Java full-stack web development. My goal is to begin my career journey at your esteemed company, where I can acquire new skills and contribute wholeheartedly to the company's growth. I am committed to giving my utmost effort, dedicating myself entirely to the advancement and success of the company.

Thank you for considering my application. I am excited about the prospect of joining your team and contributing positively to the company's objectives.

Education

Jain College Of Engineering Belagavi, Visvesvaraya Technological University(VTU),Belagavi, India	**2019-2023**
● Electronics and Communication | CGPA: **7.46**	
Konnur College Of Science, Yallatti, India	**2017- 2019**
● KSEEB (Class XII), Aggregate: **79.83**	
H.D.P High School, hidakal dam ,Belagavi, India	**2014 – 2017**
● KSEEB(Class X), Aggregate: **93.92**	

Skills

- **Core Java**

➢ Oops	➢ Arrays and Strings	➢ Exception handling	➢ Multithreading

- **Advance Java**

➢ JDBC	➢ J2EE	➢ JSP		

- **Frameworks :** Hibernate, Spring, Springboot .

- **SQL** (MySql)

- **1) HTML   2) CSS   3) Javascript**

Technical Proficiencies

- **Coding Platforms :**

  - https://leetcode.com/Ravi_Gandroli/

  - https://www.hackerrank.com/profile/RAVIGANDROLI2019

.

Projects

Sweet-Bite food website(using only HTML and CSS**)**
- Developed a responsive and visually appealing website, SwiftBiteDelivery.com, using HTML, CSS, and JavaScript. The website serves as an online platform for ordering food and drinks, offering a seamless user experience.
- https://ravigandroli.github.io/food_delivery_sweet-bite.github.io/

E-Mobile website
- Developed a comprehensive e-commerce platform using the Model-View-Controller (MVC) design pattern. The application facilitates the buying and selling of mobile phones. It features separate interfaces for administrators and users, providing distinct functionalities tailored to each role.
- https://github.com/RaviGandroli/E-mobile-cart/tree/master

EMP_CRUD_Project(using spring)
- Developed a comprehensive Employee Management System using Spring MVC framework, integrating various technologies such as Hibernate, Bootstrap, and view resolver. This project facilitates the CRUD (Create, Read, Update, Delete) operations for managing employee records efficiently.
- https://github.com/RaviGandroli/CRUD_project

JDBC_CRUD_Project
- Developed a standalone CRUD (Create, Read, Update, Delete) application using Java JDBC (Java Database Connectivity) for seamless interaction with a relational database. This project allows for efficient management of data records without a frontend interface, demonstrating proficiency in backend development and database operations.
- https://github.com/RaviGandroli/JDBC_CRUD_Operations

Cricketz_Project
- Developed a dynamic web application using Spring Boot, leveraging web scraping techniques to gather real-time cricket data. This RESTful API provides comprehensive information on cricket matches, players, and statistics, allowing seamless interaction via tools like Postman. The project follows the MVC structure, ensuring a modular and maintainable codebase.
- https://github.com/RaviGandroli/cricketscore/tree/master

Academic and Extracurricular Achievements
- worked as an organizer for annual events conducted in school, college
- Participated in competitions in inter college and intra college.

Hobbies :
- ➢ Reading Books
- ➢ Watching Cricket
- ➢ Travelling
